## Historical Radio Society of Australia SA Group—Valve Bank.

Available from:

**AZTRONICS**  
170 Sturt Street  
ADELAIDE SA 5000

The valve bank is a service to members of the Historical Radio Society of Australia SA Group (HRSA SA). To assist in providing this service Aztronics have offered to hold our stock of new and used valves and sell them on our behalf. These valves are also available to other Aztronics customers.

It is not a profit making business. The valves have been donated to HRSA to assist in keeping old radios, measuring, and other electronic equipment operational. It is not intended that it should be used for people to sell valves at a profit.

---

### LIABILITY

*HRSA SA Group offers the valves for sale as is, without guarantee.*

We reserve the right to limit the number or type of valves sold to any individual person.

*We accept no responsibility for their current operational performance. We cannot be held liable for any consequential damage caused by a valve purchased from the bank.*

Obviously an item manufactured up to 80 years ago, and known to suffer lower emission with age, is unlikely to be “as good as new”: however, in most cases the performance should be adequate to keep an old circuit operational.

### PRICE LIST AND STOCK QUANTITIES

A printed listing is available in the Aztronics shop at 170 Sturt Street Adelaide.

Members can contact the Valve Bank Manager to request a copy of the stock list in .pdf format. (email, phone, or letter).

### HRSA SA AND AHARS MEMBER'S DISCOUNT

On showing an HRSA membership card or an AHARS badge members receive a 50% discount on the listed price.

### WARRANTY

If a customer is unhappy with a valve it is either replaced free of charge by returning it to the Aztronics shop, or the money can be refunded via the HRSA SA Group Treasurer.

If a replacement valve is not available for replacement contact the HRSA SA Group Treasurer for a refund (not Aztronics). (see [http://www.hrsasa.asn.au/contacts\\_committee.htm](http://www.hrsasa.asn.au/contacts_committee.htm))

### EQUIVALENTS AND NEAR EQUIVALENTS

An Internet search can provide lists of equivalent types. One should be aware that there may be an equivalent in stock under another type number.

### VALVES FOR DISPLAY

Some non functional valves are available free for display or for artistic purposes.

---

This is a service offered by Aztronics to assist HRSA SA. Aztronics are not able to answer questions about alternative replacement types and equivalents, or provide technical data.

Aztronics are selling the valves on behalf of HRSA SA Group, and have been asked to refer purchasers seeking to buy more than 5 valves to the Valve Bank manager or to the HRSA Secretary.

HRSA SA welcomes donations of old valves (new and used) to add to the stock. It is unlikely that HRSA SA would consider purchasing stock: it would not be equitable to pay for stock and then expect unpaid volunteers to do all the further hard work involved in sorting and adding them to the bank stock.

---

HRSA SA can be contacted by phone or email to:

Valve Bank Manager and HRSA SA Treasurer: John Crawford, (08) 8344 4978, Email: [vbm@hrsasa.asn.au](mailto:vbm@hrsasa.asn.au)  
or HRSA SA Secretary, Alan Taylor: (08) 8344 6708, 0417 859 074. Email: [sec@hrsasa.asn.au](mailto:sec@hrsasa.asn.au)
